### ARIZONA'S OPPOSITION

STATEHOOD QUESTION NOW TRANSFERRED TO THE SENATE.

The Arizona delegation which came on to oppose union with New Mexico has sent to each senator the following statement of its position on the question in the statehood bill which has passed the House and now awaits action in the upper branch of Congress. It is signed by all the members of

the delegation: "As the delegates of the people of Arizona, coming to Washington from all sections of our territory as the chosen representatives of a loyal American people to express their earnest and determined opposition to the proposed union with New Mexico, we respectfully submit the following reasons for unalterable opposition of the citizens of Arizona to this unjust measure, which we believe violates the very principles of the Constitution:

"First—The opposition of at least 95 per cent of the people of Arizona, as proved by the written protests of nearly every social, religious, political and business organization within our territory, and the petitions of protest signed by many thousands of our

"Second-The promise by Congress in the

enabling act that the autonomy of Arizona should be preserved. "Third—The decided racial differences be-"Third—The decided racial differences between the people of Arizona and a large majority of the people of New Mexico, who are not only different in race and largely in language, but have entirely different customs, laws and ideals, and would have but little prospect of successful amalgamation. "Fourth—The radical and irreconcilible differences in laws, legal customs and procedure of the two territories.
"Fifth—The fact of unquestioned proof

that Arizona is developing most rapidly and substantially both in resources and population, the permanency and high character of its population, and the certainty that through the development of its great natural resources, and the immense benefit to be derived from the government irrigation works now under actual construction within its borders, that Arizona will eventually reach such proportions both in resources and population as will warrant Congress in urging its admission to the Union as an independent state.
"Sixth—A dual set of excellent public buildings existing throughout both terri-tories, the value of which would be largely

lestroyed by the proposed merger.
"Seventh-The unwieldy size of the proposed joint state, the consequent great ex-pense in conducting a state government, nd the rugged and volcanic character of a large portion of the country existing the settled communities of the two

territories. "Eighth-The exceeding difficulty of a proper adjustment of the debts of the two territories, certain counties in New Mexico being practically bankrupt and their securities at a great discount, while Arizona securities, territorial, county and munici-pal, are well above par and of the highest

character.
"Ninth—The objection by the people of Arizona, 95 per cent of whom are Americans, to the probability of the control of public affairs by people of a different race, many of whom do not speak the English language, and who outnumber the people of Arizona two to one, while the assessed valuation of Arizona exceeds that of New Mexico by over 23 1-3 per cent.
"In view of the foregoing reasons we re-

quest that the joint statehood bill now be-fore the Senate be amended by striking out of the bill all reference to Arizona. If, however, an expression at the poils deemed desirable and necessary, we urge that the bill be amended to provide that pefore the holding of the constitutional convention, the question of joint statehood, free from any other issue, be submitted to he qualified voters of Arizona and New Mexico, voting separately at a special elec-tion called for that purpose only, to be held on the same day in both territories, and unless approved by a majority of the qualified voters of each territory, no constitutional convention for the purpose of creating a joint state shall be held."

### Record in Lieut. Lewis' Case.

The record in the case of Second Lieut. Homer E. Lewis, 30th Infantry, has been received at the War Department and is being reviewed by Judge Advocate General Davis preparatory to its submission to the President for action. Lieut. Lewis was convicted by court-martial convened at Fort Crook, Neb., of charges of duplicating his pay accounts and of financial irregularities and sentenced to be dismissed. This young man served three years as a private and corporal in the 17th Infantry, and was then appointed second lieutenant, 20th Infantry, in February, 1901. He is a grad-uate of the High School, West Jefferson, Ohio, and was appointed to the army from that state.

900 CLERKS IN CHICAGO OFFICE CANNOT RELIEVE CONGESTION.

CHICAGO, Ill., February 5 .- Chicago, with one of the finest post office buildings in the country, is utterly unable to handle its mail business. For the first time in four years the full force of 900 clerks in the mailing division was required to work yesterday to relieve the congestion that has clogged the machinery since Febru-

Although the clerks have been working

from ten to twelve hours a day, hundreds of bags of mail are left undistributed each night. Important mail for business houses is hours late in being tied and sent out and complaints about the inadequate service have been piling up in Postmaster Busse's room for several days.

Pneumatic tubes in the new post office, which cost \$120,000 to install, are prac-

which cost \$120,000 to install, are practically useless because there are not enough clerks to take the mail promptly to them and they are idle much of the time.

Machinery in the new building, which cost \$200,000, is also proving more of a hindrance than a benefit because it requires quite a number of clerks to operate it, and that number has been taken from the regular force, which was inadequate before.

While the government officials at Washngton are aware of the conditions, they have said that Chicago cannot expect relief before July 1, when next year's appro oriation becomes available. Tomorrow Postmaster Busse will leave Tomorrow Postmaster Busse will leave for Washington to make one more appeal for more help. Ten days ago he was told by First Assistant Postmaster General Hitchcock that Chicago would have to get along as best it could, because the last Congress had enacted a law making the heads of departments criminally liable if they exceeded their appropriations, and there was no money to give to this city. Mrs. Barton's Garments Ruined While She Was Shopping.

WORK OF A SLASHER.

One week ago Mrs. Barton, wife of Dr W. M. Barton of 1338 H street northwest, was in the business section of the city doing shopping. When she reached her home she discovered that her dress and un. dergarments had been slashed with a knife, and remembered she had been annoyed by strange man. This man she suspects of having cut her clothing. She told Detectives Weedon and Burlingame this morning of the incident, and furnished them a description of the suspect. She sa'd she saw the man four times, and each time he jostled her. The first time she was looking in at a show window. Later she met him at the entrance to a store, and again while she was in the store.

Charged With Larceny. Jesse Fuss, who was arrested by Detectives Cornwell and Muller, was committed to jail this afternoon to await trial on a charge of the larceny of a gold watch and a diamond ring belonging to Eleanor Arndees of 712 G street southeast. The preliminary hearing before the Police

Court has been set for February 8. Mrs. Arndees reported to the police some weeks ago that while she was away from home at work in the bureau of engraving and printing some one entered her house and fook a watch and ring. The police obtained no trace of the watch until Saturday, when it was found in the possession of this defendant. When he was taken into custody he denied that he had taken it from the house, but said that it had been given to him by some one whom been given to he did not know.

Gould Fast Mail Run Disappointing. HOUSTON, Texas, February 5 .- The first run of the fast mail train over the Gould lines ended in some disappointment, as the schedule was not made exactly on the minute. The Iron Mountain turned the cars over thirty-five minutes late at Texarkana. The Cotton Belt had bad luck on its run and lost thirty minutes additional, landing its section at Fort Worth an hour and five minutes late. The Texas and Pacific made up ten minutes of the lost time between Texarkana and Longview, and the International and Great Northern took the cars twenty-five minutes behind the schedule. The whole of that time was made up between Longview and Palestine where there was another division, one car going to Houston, arriving here five minutes late on the schedule, and the other to San Antonio, where the finish was twenty-five minutes behind the announced time.
